

To grow our WBS alumni network and develop a greater presence across the globe, we need the help of alumni representatives to increase the level of engagement of the WBS alumni community. Some of you have kindly volunteered your time to become cohort representatives and help to communicate news and messages to all alumni within your cohorts, for which we thank you.

You can see if there is already an alumni representative for your cohort from the list below. If you can't see one for your cohort and would like to sign up to become a representative please read through the [role description](#) and then contact us at alumni@wbs.ac.uk.
