What our exchange students say about us...

“I strongly recommend an exchange at WBS as you get to gain practical knowledge taught through lectures and computer-based tutorials, and get to mingle with people from around the world. The main difference at WBS is the work-life balance, which is better than at my home university. Students have intense study periods but also have time to relax and hang out with friends. The study abroad team also help to organise trips around the UK which was great for us new arrivals who are unfamiliar with UK transportation.”

Fortuna Zhang, Hong Kong University of Science and Technology, Hong Kong

“I loved the people here at WBS. This includes the amazing lecturers, who teach subjects that are not offered back home in Sydney. It includes the other exchange students, who I really enjoyed travelling around Europe with, and with whom I had many fun experiences - whether it was getting together for meals, or navigating the Paris train system with our limited French. Last but not least, I loved meeting UK students. Don’t let Warwick’s location outside London put you off. WBS is amazing and I’d recommend it to anyone!”

Bernice Zhu, Sydney University, Australia

“I chose to come here as an exchange student for the Autumn Term, although I was nervous to begin with, I am so glad that I took part in the programme. I knew that I wanted to go to Warwick Business School because of their reputation. During my time here, I got involved in numerous activities that really helped me settle in and experience British culture. If you are thinking about coming to Warwick do not hesitate for a second. No matter what kind of person you are, you will always feel welcomed at WBS.”
